The International Jaguar 'S'-type Register is a non-affiliated Registry of 1963-68 3.4- & 3.8-litre 'S'-type Saloons. It was founded in 1998 by three 'S'-type owners, to promote the preservation, maintenance and restoration – but mostly the enjoyment - of Jaguars 'Best Sports Saloon'. The Register records the details of surviving 'S'-type Jaguars and, since its founding, has received data on more than 500 cars from nineteen countries.

The International Jaguar 'S'-type Register publishes a *Newsletter* now in its ninth volume.

The Register also has an extensive reference library of 'S'-type information, all of which are available to Register members.

*The three founding 'S'-types*
